

What, what, what, what... [many times]

Bada, badada, badada, bada... [x9]

[Hook:]

I'm gonna teach some kids

Now that Practicum's in my pocket

E-Educating, stopping kids from hating,

Learning can be awesome

[Verse 1:]

Walk up to the school like, "What up, I got a big book!"

I'm so pumped bout this lesson, won'tcha take a look.

Up in Grace's class, we're lesson fine tunin'

That students like, "Dang! That's a real sick unit."

Teachin' in English class, kid asks for a hall pass,

Don't give me sass, go back to your desk, sit on your *gasp*

Got a good project here, know your standards and role

audience, product, process, sitch', performance, goal

Graspsssss

But wait, it gets even more rad

Teachin' it, learnin' it, gonna show some mad facets

Gettin' some perspective on ideas up in your classes

You'll master self-knowledge

Explainin' and applyin' man

Better yourself through empathy, and interpretation too

I'ma use your learning style, I'ma use your learning style,

No for real - are you a puppy - can I make you comfortable?

Clipboard, beach ball, got some mad options

Microscopes crazy smart, spends his time thinkin'
They had a buncha ipads, I used a buncha ipads.
Used my resources, technology is real rad.
Hello, hello, raise my hand, yeah hello
What's the point, got no idea what you want, hell no
I could take time, make you see my learning goals
The middle schoolers be like "**Aw, he got to know those**"

[Hook x2]:

I'm gonna teach some kids
Now that Practicum's in my pocket
E-Educating, stopping kids from hating,
Learning can be awesome

[Verse 2:]

What you know about rockin' content in your noggin?
What you knowin' about wikispaces log-in?
I'm reading, I'm reading, I'm searching right through that knowledge
Our rationale, we learned in college
Thank your grandma for donating that nice button-up shirt
and right now I'm rockin' her skirt
I'm at the Goodwill, you can find me in the cardigans
I'm not, I'm not sick of searchin' in that section
Logical, musical, natural, visual.
I'll take those kinesthetic learners, man, I rock that 'telligence
interpersonal, intrapersonal intelligence
I hit the verbal with that wordy intelligence.
They be like, "Oh, that MI - that's hella tight."
I'm like, "Yo - I learned that *shhh* in Practicum."

We are on mission, let's do some simple addition
All of us minus practicum equals some ignorant witches.
We wouldn't know about backwards designing
We wouldn't know about WHERETO stood for
That *shhh* hella though
And learning along with the ten other people helped us hella know
Vent sesh with Beth helped us learn how to really cope
Tryna be tight as block 2? Man you hella won't
Man you hella won't

(Teachers... droppin' knowledge... yeah!)

[Hook]:

I'm gonna teach some kids
Now that Practicum's in my pocket
E-Educating, stopping kids from hating,
Learning can be awesome

[Bridge:]

Grace taught us to be dope
and real professional
Taught lessons that I know
I'll be using down the road
Grace taught us to be dope
and real professional
Taught lessons that I know
I'll be using down the road
